Directors Message

As we step into 2025, I want to express my heartfelt gratitude for your continued trust, support, and collaboration. 2024 has been a year of growth and achievements, and I am confident that 2025 will bring even greater success.

On this note, I am thrilled to announce the launch of our new branch in Saudi Arabia, a significant milestone in our journey. This expansion reflects our commitment to serving our clients better and exploring new opportunities in the region

Mr. Martin Kirby,
M.D. Johnson Arabia

Our Amazing Projects

While we are proud of everything we do, these projects showcase our versatility and skill.

Al Nahyan Stadium- Abu Dhabi

This project involved maintaining stadium seating to ensure everything was in top condition for an upcoming event

Powerplant Site, Dubai

Multiple Johnson Arabia crawler cranes were deployed for the construction and upgrades of a power plant. The operation included both tandem and single lifts to position critical equipment, ensuring the plant's functionality and efficiency

Mall, Dubai

We utilized our new Nifty hydrogen-electric powered AWP's in this mall for maintenance work. Their low emissions and quiet operation made them ideal for indoor use, while their high reach ensured efficient access to elevated areas

Spider crane Lift, Dubai

Johnson Arabia's spider cranes excel in precision tasks, such as placing shutters for building foundations. Their compact design was perfect for the tight space here. Once the shutters were set, concrete was poured into them, creating a solid base for the structure.

25 glorious years of Johnson Arabia

An Amazing celebration of our team, clients and success over the years

Johnson Arabia proudly marks 25 years of delivering world-class lifting and access solutions across the Middle East. Established with a vision to set new standards in the industry, we have grown into a trusted partner for countless projects, providing innovative and reliable solutions tailored to our clients' needs.

Over the past quarter-century, our fleet has expanded to include cutting-edge equipment, from cranes to access platforms, ensuring safety, precision, and efficiency on every site. This milestone reflects the hard work of our dedicated team, the trust of our clients, and the support of our valued partners who have been instrumental in shaping our journey. As we celebrate this remarkable achievement, we look back with pride at the projects that have defined our success and forward with excitement for the future. Here's to 25 years of excellence and a commitment to continuing our legacy of innovation, reliability, and service. Thank you for being part of our journey

Johnson Arabia Launches New Branch in Saudi Arabia, Riyadh

The launch of Johnson Arabia's new branch in Saudi Arabia marks a significant milestone in the company's journey. It reflects Johnson Arabia's commitment to supporting Saudi Arabia's ambitious development goals by providing world-class equipment rental services. With a strong presence in the region and a reputation for excellence, Johnson Arabia is set to elevate projects and redefine industry standards in Saudi Arabia.

The construction and industrial sectors in Saudi Arabia are witnessing immense growth, driven by visionary infrastructure projects and the rapid development for vision 2030 in urban hubs like Riyadh. This boom has led to a rising demand for dependable equipment rentals, particularly AWP rentals in Riyadh and Jeddah, as well as crane rentals throughout the region. Johnson Arabia Riyadh, will soon be a trusted name in the Middle East and a fast-growing leader in Saudi Arabia's equipment rental industry.

Why Choose Johnson Arabia for AWP Rentals in Riyadh?

- **Cost Efficiency:** Renting cranes and AWP's eliminates the need for significant upfront capital investments, allowing businesses to allocate their budgets more effectively. Johnson Arabia's competitive pricing ensures cost-effective solutions tailored to each project.
- **Access to Advanced Equipment:** Johnson Arabia offers a diverse fleet of modern AWP's equipped with the latest technology, ensuring optimal performance safety and Sustainability to be in lines with Saudi Arabia's green initiatives.
- **Tailored Solutions:** With flexible rental terms, Johnson Arabia helps businesses find the perfect equipment to match their specific project requirements, providing both short-term and long-term rental options.
- **Expert Support:** Johnson Arabia goes beyond equipment rental, offering skilled operators and comprehensive maintenance services to ensure seamless project execution and minimal downtime. Teams can reach us at our hotline anytime on our toll free number **800-123-LIFT (5438)** or **www.johnsonarabia.com**

Marathon
2025

Lifting Glass made easy

The glass vacuum lifter attachment is a versatile tool designed for safe and efficient handling of glass panels and other delicate materials. With precision suction technology, it ensures secure lifting and placement, reducing the risk of damage. Ideal for construction, maintenance, and glazing projects, it enhances productivity and safety on-site
